Certificates\Certification

2nd National Work shop on Advanced Chromatographic Techniques

Sept 2025

conducted by [Central Instrumentation Facility](#) in association with LPU

3rd National Work shop on Advanced research with Field Emission Scanning Electron Microscopy

March 2026

Organized by [Central Instrumentation Facility](#) , Research & Development cell (RDS) in association with LPU

Skills

Lab Techniques: Electrophoresis, DNA/RNA Isolation, Gel Electrophoresis, Genomic and Plasmid DNA Isolation, Microbiological Techniques , ELISA, PCR, Plant Tissue Culture , Aseptic techniques , Cell viability assays, Western blotting, Southern/northern blotting, Micropropagation, Determination of Blood Group, TLC and DLC, Paper Chromatography, BOD & COD analysis of Water Sample, Quality Control Assay

Bioinformatics Skills: BLAST, NCBI database Browsing and Sequence Retrieval, FASTA file format handling and interpretation

Technical Investigation Skills: E-mail Investigation, E-mail Header Analysis & Tracking, IP Address Tracking

Software & Platforms: Canva, Microsoft Excel, Microsoft Word and PowerPoint

Soft Skills: Team Management, Project Planning & Execution, Critical Thinking & Analytical Skills

Research & Project

Influence of Selected Medicinal Plants Extracts on Digestive susceptibility and Allergenic Protein Composition of Wheat under In-Vitro conditions. (Currently Writing the review paper on this topic)

Education

Lovely Professional University

M.Sc. Biotechnology

Since Aug 2025

Panskura Banamali College

B.Sc. Biotechnology

2022 – 2025

CGPA: 8.24

Kola Union High School

12th with science

2022

Marks: 86.8%
